SENIOR COMMITTEE: Logan McNatt, Annette Ayers, Martin Gjelsvik, Debbie King, Karyl Ann Butler, Kenny Thomas, Griggs DeHay, Ascencion Gonzales, Linda Hall, Cindy Mask, Cherita Dorsett, Marcy Shelton, Linda Green, Dora Tilton, Tim Thomas, Dan DeHay, Mark Self, David Wallace, Damon Smith, Trebie Carlson, Wendell Daniel, Glenn Williamson, Richard Porter.

This year B H S's third foreign student, Martin Gjelsvik, discovered that Texas is a fascinating place in which to live. In his new home Martin welcomed each new opportunity and experience which he encountered. Martin's cheerful attitude, his willingness to serve others, and his ability to share his experiences have made a deep impression on students and teachers alike at Brownwood High School.

*Lots of love from the greatest  
goat-roper Texas saw, Martin*

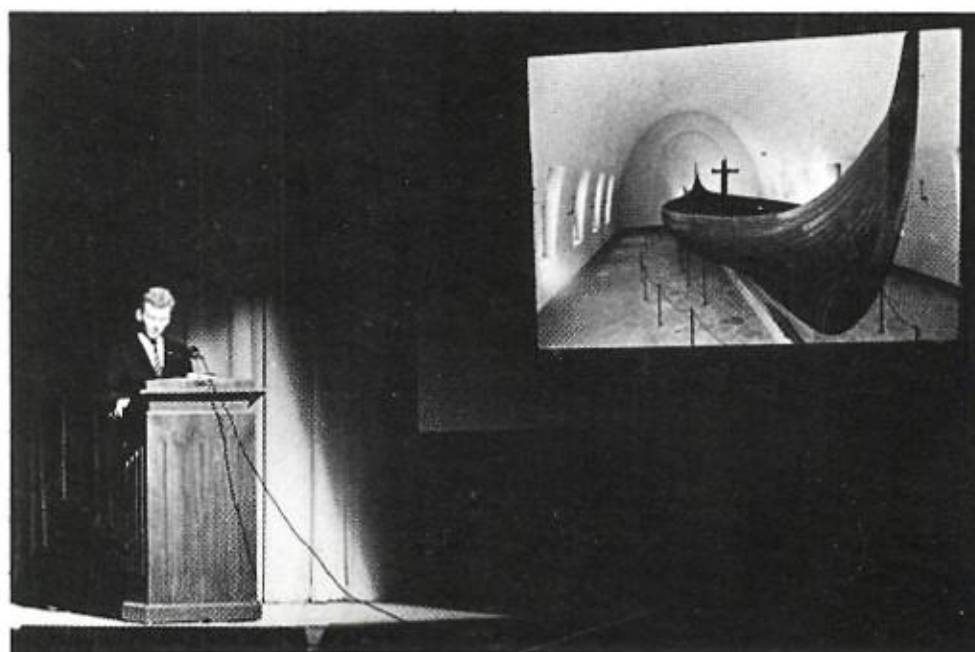

Following the tradition of previous foreign students, Martin presented B H S with the flag of his country.

As a student council member at large, Martin participated in the annual March of Dimes peanut sale.

Martin soon caught football fever, and at the pep rally he showed his school spirit.

"Leif Erikson really Discovered America!!!"  
In a special assembly Martin entertained BHS students with an informative and humorous look at his native land, Norway.

Martin quickly caught on to the Texas sport of duck hunting.

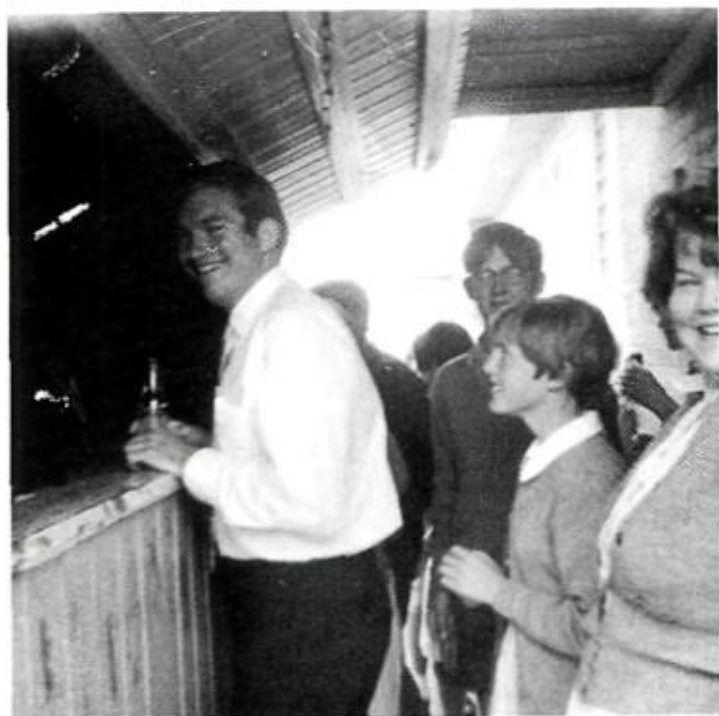

And now the comedy team of Roi and Martin.

# Field Service

A school tramping trip in Fiordland was a frequent and enjoyable activity for Woody.

A favorite pastime for Woody - buying ice cream at the canteen.

A typical scene in New Zealand.

Woody Egger, Brownwood High School's second student to be selected by the American Field Service for the American's Abroad Program, spent a full year in New Zealand. He lived on a sheep farm with the Ronald McFadgien family and attended James Hargest High School. One of his favorite activities was tramping with the school club in New Zealand's beautiful mountains and rain forest.

The United States and New Zealand are joined in friendship at James Hargest High School.

Woody and family, the McFadziens, enjoy many similar interests.

Woody and students in biology class dissect a rabbit.

"Walk Together, Talk Together, O Ye Peoples of the Earth; Then and Only Then Shall Ye Have Peace." This is the motto of the American Field Service, sponsor of a program which brings students from 60 countries to the United States and sends American Teenagers from every state for a year of experiences in other lands. Young citizens of the world learn to appreciate and to respect the differences of people who have dreams and efforts similarly directed toward the goal of a peaceful and useful life.

American Field Service Students, Woody Egger, and Martin Gjelsvik, explain some of the different customs of other lands to Candidate, Claydene Anglin.

Well (lets see, how shall I start.  
We have really gotten to be good  
friends, this year especially. I'll  
never forget all the times we  
have talked about our problems, And  
all the times we have danced and  
raised a little "trouble". Everything  
has really worked out great for  
me. I have never been so happy.  
And I know that things will be great  
for you too. Remember, you will  
always be welcome in our home.  
After all, you are a easy bradda  
on your Good child.
